

REMARKS

Reconsideration of the application is requested. It is believed that this amendment places this application in a condition for an allowance because of the following reason.

The text of cancelled claim 50 has been deleted in response to the Examiner's objection in his 37 CFR 1.121 Notice of Non-Compliant Amendment.

A petition for an extension of time with a check to cover the PTO fee is enclosed. If any other fees are due charge them to my account No. 18-1166.

Respectfully Submitted,
